

Certificate of Analysis

Product name: IgA calibration materials

Catalog number: GBNIGAN103

Expression system: Recombinant protein

Appearance: Liquid

Purity: /

Molecular weight: 160 kDa

Storage buffer: 10mM PB+150mM NaCl+0.09% NaN₃, pH7.4

Tag: /

Storage condition: -20±5°C

Shelf life: 3 years

Intended use: /

Application: Immunoturbidimetry

Notes:

1. This product is a biologically active protein intended for use in research and production, not for use in diagnostic procedures.
2. Store this product under the specified conditions.
